The Derm 101 is an economical, 10 watt high frequency desiccator, thoughtfully designed to give practitioners the ability to perform in-office, minor skin procedures such as the removal of skin tags, benign lesions and premalignant lesions. These Bovie units allow practitioners to provide better patient care in the office, at a sensible price, saving the patient time and money, while increasing their practice revenue.

Affordably priced to minimize the facility’s expense and maximize their ROI.

Ten (10) watts of monopolar power which are adjustable in 1/10th watt increments.

The thoughtfully designed unit allows Practitioners the ability to perform minor skin procedures with an easy-to-operate device, to increase their practice revenue.

Packaged complete and ready to use. By the time the practitioners utilize all 18 electrodes they will have paid for the unit, twice.

The Derm 101 is backed by Bovie’s standard four (4) year warranty.

Visit BovieMedical.com/products_derm_101_102.asp for more information on the Derm 101 and 102.
DERM 101 ELECTROSURGICAL GENERATOR
