Suite of DERMATOLOGY PRACTICE PRODUCTS

designed for your portfolio of procedures

Precision, versatility, and safety working seamlessly together

Expand patient care through more in-office procedures that provide diagnostic and treatable solutions

Full suite of products offered in one convenient place

Bovie Medical Corporation's electrosurgery business is now a part of symmetry surgical®
# The Next Generation of High Frequency Desiccators and Electrosurgical Generators

## High Frequency Desiccators & Electrosurgical Generators

**Unsurpassed 4-year warranty on all Bovie Electrosurgery Generators!**

### A942 – Bovie Derm 942

- **Feature:** User-friendly and fewer accessories needed for additional functionality.
- **Benefit:** Saves time and money during procedures and less accessories to purchase.

### A952 – Bovie Bantam | PRO

- **Feature:** Designed and engineered to be the most reliable and durable generator available today.
- **Benefit:** Unit’s life is prolonged by incorporating the latest in chip technology and reducing the number of internal parts.

- **Feature:** Adjust power from 0.1 watt – 40 watts.
- **Benefit:** Higher resolution in bi-polar mode.

- **Feature:** 3-Button Pencil works with or without optional footswitch.
- **Benefit:** Cost-effective and user has complete control including up/down power from the handpiece as well as activation.

- **Feature:** Digital Error Detection
- **Benefit:** Continuously monitors every aspect of the unit’s output. At the sign of any problem, the machine instantly disables the output and displays the appropriate error code on the display. No grounding pad needed!

### A1250S – Specialist | PRO

- **Feature:** The A1250S Specialist|PRO is a very affordable solution for most in-office electrosurgery procedures.
- **Benefit:** The surgeon receives a much faster return on their investment.

- **Feature:** Cut and coag activation is on the hand piece.
- **Benefit:** The surgeon can move seamlessly from cut to coag without leaving the sterile field.

- **Feature:** The push-buttons controls allow easier use of the generator.
- **Benefit:** The push-button front saves time and motion in adjusting the generator. The smoothly embossed push-button front allows the staff to clean the generator more quickly since there are no knobs.

- **Feature:** Split Pad Bovie NEM Technology
- **Benefit:** Complete patient safety to prevent burns during procedures.
