Illuminating the Path to Better Healthcare

MEDICAL LIGHTING

Bovie offers energy efficient LED Medical Lights to provide 50,000 hours of cool, clear visibility and are ideal for patient exams or small surgical procedure rooms. Control your lighting options with one hand. Bovie Medical Lighting provides a multi-dimming and illumination field that is controlled with a sterilizable handle keeping you in a sterile field.

Bovie continues to prioritize safety with the new UV24 OVERHEAD AIR PURIFICATION SYSTEM – 24/7 INFECTION CONTROL. Defend patients, staff and visitors from airborne bacteria, viruses and mold throughout your facility with the patented UV24 system.

Recommended Complementary Products

SMOKE EVACUATION SYSTEM

Smoke Shark™ II
The Bovie Smoke Shark II is designed to be easy to use and is effective for controlling surgical smoke generated from the use of any energy devices including electrosurgical, laser, and ultrasonic products.

DIAGNOSE AND TREAT

DermaScout™ II
The DermaScout II is an efficient and dependable instrument for visualization of dermal lesions.

CRYOSURGERY

Bovie IceOut
IceOut cryosurgery system is patient friendly and convenient to use while providing efficient and safe patient outcomes in 40 seconds or less. Perfect option to treat various skin lesions including warts and skin tags and provides 60+ treatments per system.

Bovie Freezpoint™
Cryosurgery is a popular treatment for simple skin lesions that can be performed by physicians, in-office. The Bovie Freezpoint is a safer, easier, and colder device, that delivers an improved, low cost per procedure, cryosurgical option.
